

Knapp's Fresh Vegies Tomato Varieties for 2021 262-388-0055					
Knappschiles@charter.net, on the web at http://knapps-fresh-vegies.netfirms.com					
These are the varieties we hope to have available. P means pending as they haven't been potted up yet. A few more may be added as we finish potting.					
We will never have the space to bring ALL our varieties to market. Please email ahead or order on WhatsGood to be sure to get your choices.					
Most we have 2 flats worth. F means we only have about 1 flat. VF means we only have very few.					
	NAME	DAYS	DISEASE	DESCRIPTION	
			TYPE		
SMALL FRUITED					
F	Aldi Orange Grape	Mid	I	grocery store save. A ORANGE, not gold, grape. The saved F-2 seeds were planted and all plants produced similar orange grape shaped fruit. The ripened fruit were close to SunSugar in flavor.	
F	Amethyst Cream Cherry XL	m	I	white with blue/purple anthrocyan where sun hits it. A Wild Boar Farm variety with good flavor	
X	Aunt Molly's Husk	65	I	HL,OP	Very sweet fruity ground cherry or husk tomato. From Poland
F	Barry's Crazy Cherry	m	I		Multiflora type. Large trusses of small cream colored teardrop-shaped fruits with a blunt tip. Very good mild flavor with a touch of acidity. A Brad Gates variety
X	Black Cherry	65	I		Cherry tomato about the color of a Bing Cherry. Sweet and flavorful. Tall productive plants.
F	Blondkopfchen	75	I	HL, OP	Giant clusters of small golden yellow cherries. Never crack. From German seed bank.
X	Blush	mid	I	op	Fred Hempel in California. The parents for the cross were selected by an 8 year old Alex. He chose his favorite tomatoes that taste great. The result is a yellow striped grape/plum tomato.
F	Brad's Atomic Grape	m	I	op	These elongated multi-colored large cherries grow in clusters. Lavender and purple striped when immature, turning to green, red / brown with anthocynin blue stripes when fully ripe.
VF	Cherry Roma	75	I	HL	Similar to store grape tomatoes but with a great sweet/spicy flavor.
VF	Cisinerio's Tomatillo	75	I		Huge and productive tomatillo.
F	Gold Million	M	I	HL	Small yellow cherries. Very productive.
VF	Green Doctors	75	I		Excellent sweet/tart cherry tomato
X	Guernsey Island	75	I	HL	small dark fruit, red streaked with dull bronzy green, purple red flesh, 1-1.5 oz, medium acid, juicy, a New Zealand heirloom
X	Isis Candy	73	I	OP, F,V	Sweet, fruity, larger gold marbled w/ red cherry. Long production.
F	Jaune Flamme	70	I	HL	Apricot shaped and colored tomato from France. Bitey flavor, 2-3 oz. productive
F	Joe Lauerer	m	I	hl	Nice pink egg shaped and sized tomato. German heirloom, very productive
X	Madagascar	m	I	hl	thick regular foliage, small pink oval plum-shaped fruits, 1-2 oz. Flavor is very good
VF	Mexico Midget	65	I	hl	Great semi wild small red cherry. Very sweet and prolific
X	Porter's Dark Cherry	m	I	hl	Productive dark pink cherries. Large and sweet.
X	Ray's Find	m	I		1 plant found in a row of Cherry Romas. But it was a cherry instead of a grape. Red-pink sweet and seemed resistant to the late diseases.
X	Red Cherry large	70	I		large plant, larger 1.5 – 2 oz fruit, crack and drop resistant
X	Schmatzefein	m	I	hl	Name means "lip smacking". Lots of small pink cherries
X	Searching for the Blue Zebra	m	I		The original crosses were developed by Tom Wagner, in the search for a blue striped tomato. Lots of variability but does have some blue anthrocyan.
X	Selke	m	I	hl	Larger than a cherry. Nice red with good flavor. Productive
X	Sungold OP	65	I	op	OP version of Sungold but still throws a few reds. Only the orange fruit are saved for seed. Wonderful fruity tasting orange cherry.
f	Velvet Red	m	I	hl	Red cherry with unusual fuzzy grey green leaves.
f	Wow large	m	I		Wow is an orange cherry supposed to taste as good as Sun Gold. This is the large fruitedr version we found in our plants.
x	Yellow Submarine	m	I		Tasty yellow plum/pear shaped variety. Potato leafed.
DWARF PLANTS					
Suitable for growing in pots or hanging baskets.					
x	Mano	e	MD		Micro Dwarf plant. Small round red fruits, 1-2 oz, excellent strong acidic taste with a hit of sweetness.
X	Roza Vetrov	m		hl	early, dwarf plant with lots of nice roma-like pink fruit. somewhat juicier than most romas tho. I would call it a saladette rather than a roma.
X	Russian Red	m	ISI		Meduim small red fruited tomato. Good taste. Plant is a larger dwarf.
X	Stakeless	78	D	F	18-24" plant, 8 oz. fruit
vf	Tiny Tim	e	D		Dwarf red cherry. Very small plant
X	Utyonok		I		rugose-leaf dwarf-type plant, Surprisingly high yield of orange, about 3-4oz. heart-shaped fruits. Nice looking plant. very tasty. Name means 'little duck' in Russian.
X	Window Box Roma	70	D	VFSt	Good for in a container. 2-2 1/2 oz romas. Excellent flavor. Dwarf plant
F	Yukon Quest	E	D		perfect for container gardeners. Fruit are pink, round and oblate,, 3-6 oz. Excellent sweet flavor.
ROMAS or PASTE					
x	Amish Paste	85	I	HL !	8oz. huge paste tomato, sweet, oxheart shape, doesn't look like a roma but is
F	Bellstar	72	D		extra large roma, slow to crack, sets in cold weather
VF	Ella's Pink Plum	m	I	HL	Normal sized paste but pink
VF	Federle	85	I	HL	Blemish free 6-7" long roma.Full flavor, good for salsa.
F	Giant Sicilian Paste	L	I	HL	huge roma / paste tomato
F	Heidi	m	sd	hl	compact plants with lots of small roma/canning tomatoes. Good for sauce but also good fresh.
F	Hogheart	m	I	hl	Large roma to oxheart shaped paste variety. Red
F	Howard German	80	I	HL	Large amounts of 5 oz plump romas. Great for canning or sauce.
X	Mikarda Sweet	m	I	HL	wispy vines, slow early growth, productive, unusual long pink fruit 1-2" x 4-6", nice flavor, sweet & juicy. Pink Roma
VF	Polish Linguisa	m	I	hl	Elongated roma with wispy foliage. 5-6 inch long fruit with good sweet flavor.
F	Rinaldo	ml	I	hl	regular leaf with a good yield of 4-10 oz red plum fruit, very good flavor.
f	Sheboygan	80	I	HL	4-6 oz Pink roma. Excellent yields and good flavor.
F	Sherrill	M	I	HL	regular leaf plant with a good yield of 8-14 oz red plum to paste type fruit with very good flavor. from Maria Jacobs, Sherrill's Ford, North Carolina, who obtained it from a local farmer.
OXHEARTS					
X	Anna Russian	75	I	HL	wispy foliage, regular leaf, 5-17 oz pink, heart shaped fruit, excellent taste, good yield.
X	Bobbie	80	I		regular leaf, high production of med to med-lg pink hearts with very good flavor, not many seeds.
